Version	0.1 (Draft)	Duration	45 minutes
Target	Jessica Dadich, Eric Ward, senior leaders with GiANT involvement	Interviewer	M. Vanderpool

Opening (2 min)

Thank them for their time. Explain the purpose: we're documenting how GiANT is used across the organization so we can make smart decisions about what to keep, evolve, or replace before August 31. There are no wrong answers — we need the honest picture, not the polished one. Ask permission to record.

Section 1: History & Intent (8 min)

- How did the relationship with GiANT start? What problem was it solving?
- What were the original goals for bringing GiANT in?
- Looking back, which of those goals were achieved? Which weren't?
- Has the purpose of GiANT shifted over time? From what to what?

Section 2: Current State (10 min)

- Walk me through what GiANT currently provides to HC. What do they do for you right now?
- Who at GiANT does HC interact with? How often?
- What GiANT programs or tools are actively running today?
- How many people have gone through GiANT training? At what levels?
- Is there ongoing coaching? Who receives it? How often? From whom?

Section 3: Perceived Value (8 min)

- What's the single most valuable thing GiANT has given HC?
- What hasn't worked as well as you hoped?
- If GiANT disappeared tomorrow, what would people notice first?
- What would they not notice at all?
- Are there teams or divisions where GiANT landed more deeply than others? Why?

Section 4: Five Voices & Frameworks (5 min)

- How widely are Five Voices profiles known across the organization?
- Are they used for anything practical — team formation, conflict resolution, hiring?
- Are there other GiANT frameworks besides Five Voices that people use?
- Has any of this become just vocabulary, or does it actually drive behavior?

Section 5: Ownership & Licensing (5 min)

- What does HC own vs. license from GiANT?
- Are there assessment tools or platforms that require active GiANT accounts?
- What happens to assessment data (Five Voices profiles, etc.) after August 31?

- Are there materials HC has adapted or customized — do we own those adaptations?
- Any contractual restrictions on what we can retain or reuse after the contract ends?

Section 6: Transition Concerns (5 min)

- What are you most worried about losing?
- Who in the organization will feel this transition most?
- Are there GiANT champions who might resist the change? Who?
- Are there people who've been wanting to move past GiANT? Who?
- What does the ideal post-GiANT state look like to you?

Closing (2 min)

- Is there anything I haven't asked about that you think I need to know?
- Who else should I talk to that I might not have on my list?
- Can you help me get access to [specific materials/systems] we discussed?
