Opening (2 min)

Thank them. Explain: we're talking to people across the organization to understand how GiANT training and tools show up in day-to-day work. No right or wrong answers. We want the real picture. Ask permission to record.

Section 1: Background (3 min)

- What's your role? How long have you been at HC?
- What GiANT training or programs have you participated in?
- When was the most recent one?

Section 2: Day-to-Day Usage (8 min)

- Do you use anything from GiANT in your actual work? Walk me through a specific example.
- Do you reference GiANT concepts when working with your team? Which ones?
- When you're in a tough conversation or a conflict situation, do GiANT frameworks come to mind? Which ones?
- Do you use any GiANT tools regularly — assessments, worksheets, reference materials?
- Is there a GiANT concept that genuinely changed how you manage or lead?

Section 3: Five Voices (5 min)

- Do you know your Five Voices profile? What is it?
- Do you know the voices of the people on your team?
- Have you ever used that knowledge to make a decision — assembling a team, managing a conflict, adjusting your communication?
- If Five Voices went away, would it change anything about how you work?

Section 4: What Stuck & What Didn't (5 min)

- Think back to GiANT workshops or training you attended. What do you actually remember?
- What concept or tool from GiANT has been most useful?
- What felt like a waste of time?
- Did the training change your behavior, or just your vocabulary?

Section 5: Gaps & Needs (5 min)

- What's the hardest part of your job right now when it comes to managing people?
- Is there training or support you wish you had that you don't?
- If you could design the perfect leadership or management training for someone in your role, what would it cover?
- What do new people in your team struggle with most in their first 90 days?

Closing (2 min)

- Is there anything about GiANT or training at HC that I should know but haven't asked about?
- Anyone else on your team you'd recommend I talk to?
